JAGUAR CRUISES WITH 38 PERCENT GROWTH

Kuwaiti luxury automotive manufacturer Jaguar has seen a 38 percent increase in sales this year.

The figures released by the company show that sales in Kuwait reached 38 percent year-on-year.

The company said that the growth in sales is due to the increased demand for its luxury cars.

“Jaguar has been experiencing strong demand in Kuwait, and we are happy to see that our customers are choosing our cars over other luxury brands,” a company spokesperson said.

In the Gulf Cooperation Council, Jaguar’s market share is estimated to be around 3 percent.

The company has been present in Kuwait for over 60 years, and it has been a leading player in the market.
