Silk Road Economic Belt and 21st Century Maritime Silk Road

The Belt and Road and the AIIB are both open initiatives. We welcome all countries along the routes and in Asia, as well as our friends and partners around the world, to take an active part in these endeavors.

President Xi Jinping

 visions and actions

In the new millennium, the growing economic interdependence and integration of trade and industrial chains that linked the major economic centers has greatly accelerated the pace of global regionalization and formed “global production networks.” Growing cooperation and interdependence, whether in the form of “financial cooperation and openness,” inclusive and mutual benefit, or in the form of “infrastructure connectivity and industrial investment,” have gradually formed the sharing characteristics of the economic development and cooperation of the Belt and Road countries. These common characteristics, which also comport with the trends of global integration and the requirements of common development, can help promote the economic prosperity of the countries along the Belt and Road, which has attracted close attention from all over the world. At the 2013 Asia-EU Summit in Prague, Chinese Premier Li Keqiang emphasized the need for both to build the Maritime Silk Road on openness, cooperation and benefit. He also underscored the need to work jointly to promote regional economic cooperation and development, and to ensure the full benefits of the countries along the routes.

In the 21st century, a new era marked by the theme of peaceful development has opened. Countries along the Silk Road have embarked on a historical mission to seek a new path towards a better future. The cooperation along the Belt and Road is a new model of international cooperation that represents the main trend of history and the development of the times and the needs of the world. It is also a profound development of the historic Silk Road spirit, and the embodiment of a modern Silk Road. The Belt and Road Initiative provides a new platform on which China can share its achievements with the world and experience the world's development, and build a community with a shared future for mankind. The Belt and Road Initiative promotes a win-win partnership of cooperation and development, and supports the building of a community with a shared future for mankind to achieve common development and shared prosperity.

The Belt and Road Initiative, the vision and action

The Belt and Road Initiative is a way for win-win cooperation that promotes the building of the Belt and Road and to promote the development of regional cooperation. We should strengthen the bilateral cooperation and multilateral cooperation, and promote a win-win cooperation along the routes that provide economic cooperation, social stability, and harmonious relations between the countries along the Belt and Road. We should encourage and promote the development of a broad and multi-channel communication and consultation. We have five times along the Belt and Road, and we should develop a number of bilateral cooperative pilot projects. We should encourage and support the establishment of the Belt and Road forum and the Belt and Road forum, and build up implementation plans and roadmaps for the Belt and Road. We also need to encourage the Belt and Road forum and the Belt and Road forum to demonstrate and commend the achievements and promote the mechanism of cooperation and coordination and promote the Belt and Road mechanism.

The Belt and Road Initiative is a new path of cooperation and development that actively promotes the building of a better future. It is an important strategic choice for China to participate in global economic governance and contribute to global development, and an important path for China to participate in global economic governance and contribute to global development.

Conclusion

For a long time, the Chinese government has been actively promoting the building of the Belt and Road, reforming communication and consultation and advancing practical cooperation. We have five times along the Belt and Road, and we should support the Belt and Road Initiative and develop a number of bilateral cooperative pilot projects. We should encourage and support the establishment of the Belt and Road forum and the Belt and Road forum, and build up implementation plans and roadmaps for the Belt and Road. We also need to encourage the Belt and Road forum and the Belt and Road forum to demonstrate and commend the achievements and promote the mechanism of cooperation and coordination and promote the Belt and Road mechanism.

We should make innovations in our forms of trade, and develop information and communication technology and e-commerce, and promote trade facilitation, and remove investment and trade barriers for the Belt and Road. We should push forward cooperation on the 21st-Century Maritime Silk Road, and work on a more convenient to apply for tourist visa in countries along the Belt and Road. We should cooperate on the production and translation of fine films, radio and television programs, and more cultural events in the Belt and Road countries. We should also promote policy coordination, facilities connectivity, economic exchange and communication mechanism, expand shared interests and benefits.

We should strengthen the bilateral cooperation and multilateral cooperation, and promote a win-win cooperation along the routes that provide economic cooperation, social stability, and harmonious relations between the countries along the Belt and Road. We should encourage and promote the development of a broad and multi-channel communication and consultation. We have five times along the Belt and Road, and we should develop a number of bilateral cooperative pilot projects. We should encourage and support the establishment of the Belt and Road forum and the Belt and Road forum, and build up implementation plans and roadmaps for the Belt and Road.
