OPTIONS FOR PARSENOCHO AFTER DEFEAT

By Richard Stilgoe

The loss of the key town of Debaltseve, the last line of a string of battle-held Ukrainian towns, dashed any reasonable hope that President Poroshenko in his dealings both with Russia and the West would be able to persuade the Russian military to comply with the Minsk agreements. This, Poroshenko himself admitted to his cabinet, was a bitter pill to swallow. Richard Stilgoe examines the impact this has had on Poroshenko's policies.

A new wave of Mexican film is following in the wake of the success of peptides and antibodies. It is an industry that is deeply rooted in the culture of Mexico and its history, which provide a rich source of inspiration for filmmakers. The industry finds ways to be fed by European filmmakers, by some American filmmakers... - www.kuwaittimes.net

WASHINGTON WASHLET

By James L. Zogby

The Trump administration has signaled that it will take a hard line on immigration, including by deporting undocumented immigrants. The White House has indicated that it will focus on securing the border, enforcing immigration laws, and reducing illegal immigration. The administration has also announced plans to reduce the number of refugees allowed into the country. James L. Zogby discusses the implications of these policies.

The collapse of the Minsk agreements, which were intended to bring peace to eastern Ukraine, has left the separatists in control of much of the region. The collapse of the agreement has also raised concerns about the future of the region, as well as the broader implications for the stability of the European Union. Ben Farmer explores the implications of the collapse of the Minsk agreements.
