RODGRIGUEZ FACES UP TO TASK OF TURNING ‘BHOS’ INTO MEN GLENN: If Brendan Rodgers had received the chance to rebuild his squad last month, the manager would have been delighted to hold on to Mile Jedinak and Ronny Deila it was a signal from the board Celtic would not have been able to abdominal surgery. The 32-year-old striker, who had scored 13 goals in 42 appearances for the Hoops last season, was transferred to the Chinese Super League in January, a move that surprised many fans and raised questions about the club’s transfer strategy. However, following the departure of Allan McGregor to the Far East, Rodgers is preparing for a challenging season with a young and unproven squad. He said: “We have to get used to the pace and the pressure of the Premier League.”

In an interview with Sky Sports, the manager expressed his confidence in his team’s ability to adapt to the demands of English football. “We need to be patient,” he said. “We need to understand that every game is going to be tough and we are going to have to work hard to get the results we want.”

The new signing, who joined from Southampton in a deal worth £10 million, is expected to play a key role in the team’s midfield. Rodgers added: “I think we’ve signed a fantastic player. He has played at the highest level and I’m sure he will bring a lot to our team.”

In the meantime, the manager is focusing on preparing the team for the upcoming season. “We have to be patient and work hard,” he said. “We have a long way to go and we need to be prepared for the challenges ahead.”
