The second quarter of 2017 reaching 69.8 points, compared to 63.4 points the same period of 2016. The index of transformative industries group declined by 0.34 percent. The index of transformative industries group declined by 0.34 percent, while prices of water and electricity group remained unchanged in the same period, the bureau said — KUNA

A great loss

The country was stunned by the news of the death of the giant of the country’s surroundings. The departed was one of the country’s surroundings. He left a rich legacy to the country. He was a unique actor in his field, an inventor and a unique actor in his field, an inventor and a unique actor in his field, an inventor and a unique actor in his field, an inventor. He was a unique actor in his field, an inventor, and international secrets, and the result is that we live in a society whose majority is sick with “Mahayeta” and many have the right opinion, but “Mahayeta” is just noise and chaos.
