ABK announces winners of ‘Double Your Salary’ weekly draws

ABK: Atm Al Bank (Kuwait) (ABK) held its 35th Double Your Salary weekly draw on Thursday, January 12, 2017, at 10 am, in the presence of a representative from the Ministry of Commerce and Industry (MCCI), Kuwait. The draw was supervised by a representative from the Kuwaiti Ministry. The next draw will be held on 16th January, 2017.

The winners this week were:
1) Abdulrazzaq Abdullah Al Marzouq, Shuwaikh Branch
2) Abdullah Zayed Abdullah Al Sader, Hawally Branch

ABK has set aside strategic expansion plans. Doha Global, a leading supplier of hygiene products in the Middle East, is looking to invest at least one OEC country in 2017 and two more by 2020. The move complements the robustness of the region’s cleaning and hygiene sector and its strong organic growth in the GCC, where it recorded a compound annual growth rate (CAGR) of 32% over the last five years of 2011-2015. This strong growth is expected to be supported by the launch of advanced value propositions and innovative fragrance diffusers in the UAE. The market in the UAE’s cleaning and hygiene sector is estimated at approximately $400 million in 2017. RENAISSANCE AL BATTAIN RE-AFFIRMS COMMITMENT TO ROAD SAFETY

KUWAIT: Alstom, a leading global player in the railway infrastructure industry, today announced that it has signed a new agreement with the Ministry of Transportation and Communications, reaffirming its commitment to road safety in the country. The agreement, signed by Alstom Middle East President, Mr. Abdalmohsen Abdulaziz Al Qattan, and with the Ministry of Transportation and Communications, aims to support the implementation of measures and initiatives that promote road safety and reduce traffic accidents. The agreement is part of the company’s ongoing efforts to contribute to the development of the road infrastructure sector in the State of Kuwait. The agreement follows in line with the strategic vision of the government to reduce the number of road accidents and improve road safety conditions. The agreement will focus on several key areas, including the provision of technical assistance and support for the implementation of road safety measures, the development of training programs for road safety officers and drivers, and the promotion of best practices and innovative solutions in the field of road safety. The agreement also aims to strengthen the collaboration between the Ministry of Transportation and Communications and Alstom to ensure the effective implementation of road safety initiatives and to create a safer environment for all road users. The agreement is in line with the company’s commitment to contribute to the development of the transportation sector in the country and to support the government’s vision to improve road safety conditions and reduce the number of road accidents. The agreement also reflects Alstom’s ongoing efforts to contribute to the development of the road infrastructure sector in the State of Kuwait.
