MP demands parity in cargo transit fees

By A Doob

KUWAIT: MP Khalid Al-Sabhan called for transit fees in cargo containers in Kuwait to be made equal to those in the rest of Gulf Cooperation Council countries which would help Kuwaiti companies to compete in the market of international trade. He identified that the fee on cargos cells in Kuwait is KD 100 while in Bahrain, Qatar and Saudi Arabia, it is KD 75. He said that the government has been working on the issue to reduce the fee for cargo cell from KD 100 to KD 90 to work on the same level as those countries in the GCC countries.

Domestic labor

Deputy Prime Minister and Finance Minister Anwar Al-Saleh stressed that launching the Arab-Caribbean summit in December was not delayed and explained that it is needed to ensure coordination and solving the problems of the GCC countries. He also said that the government wants to use the summit to make clear all the problems and to agree on some issues to solve other problems.

Ministry urged to reconsider health fees

KUWAIT: A debate on health fees was held in the parliament. Following the session, Minister of State for Cabinet Affairs and Acting Minister of Information Sheikh Mohammad Abdullah Al-Mubarak Al-Sabah stated that the ministers began the tasks before coming to the parliament. They also studied a recommendation on the railway path. Identical instructions were given to all the concerned ministries to act immediately.

Ministry of Health

Minister of Health and Minister of Municipal Affairs of the government, Dr. Sabah Al-Saleh, said that the health ministry has already been in use in the ministry since their working hours are related to the health services, as this is considered double punishment. The minister added that the ministry's administration has already been in use in the ministry since their working hours are related to the health services, as this is considered double punishment.

Cabinet examines railway project recommendations

KUWAIT: The Cabinet examined a recommendation in the public services committee regarding the railway project and that during the regular weekly session held yesterday at its airport headquarters, the Prime Minister Sheikh Jaber Al-Mahathir Al-Sabah fixed to instruct the Public Authority for Roads and Transport (PARAT) to contact the relevant authorities to study the feasibility of the project. He also instructed the cabinet to take any necessary measures. An important meeting was held on the railway project. Minimun instructions were given to the government to continue working on the railway project. Prime Minister Al-Sabah stated that the construction of the railway project is a priority for the government and that it is crucial to the development of the country.

Family of five killed in Salmiya blaze

Jleeb fire leaves toddler dead

By Hanan Al-Saadoun

A family of five died in a fire that broke out in a three-story building in Jleeb Al-Sha’ab on Oct 1, the day the increase fees came into effect, and the government increased fees for the health services. The family members who were killed in the fire were a woman and her four children. They were among the expatriates who were affected by the increased fees. The woman and her children who were killed in the critical condition before they arrived to the hospital. Two of the three children were found killed in the yard and another child was found killed in the room.

Ministry of Health (KHRS) called on the health ministry to reconsider the health fees. The Ministry urged for a decrease in the health fees. The government has been working on the issue to reduce the fee for cargo cell from KD 100 to KD 90 to work on the same level as those countries in the GCC countries. The fee for cargo cell has been increased from KD 100 to KD 110 and the government wants to use the summit to make clear all the problems and to agree on some issues to solve other problems.

Ministry of Municipal Affairs

Ministry of Municipal Affairs of the government, Dr. Sabah Al-Saleh, said that the health ministry has already been in use in the ministry since their working hours are related to the health services, as this is considered double punishment.
