ACK and Schlumberger Company inaugurate Schlumberger Laboratory

The Australian College of Kuwait (ACK) and Schlumberger Company inaugurated the "Schlumberger Laboratory" at ACK campus. Schlumberger Company is the largest Oilfield Services company in the world. The partnership established with Schlumberger is a milestone in the story of the Petroleum Engineering Department of ACK, and will propel the digital platform for Petroleum Engineering to match the current standards of the oil industry in terms of reservoir simulation, geo-modeling, subsurface studies and analysis for oil and gas

reservoirs. The laboratory consists of several computers acquired by ACK, capable of carrying out multiple operations at high speed with the visualization and graphic capacity needed to run the advanced suite of different software, which were donated by Schlumberger and are equivalent to 12 million dollars.

ACK "Schlumberger Laboratory" will enable Petroleum Engineering students at ACK to receive training on the most advanced technologies of the oil sector, thus facilitating their readiness and employability into

the productive sector of the local, regional, and world oil industry. Likewise, this new laboratory will provide an expanded platform for research to ACK faculty, expanding the opportunities for digital modeling, analysis, utilization of synthetic and real data, for studies and research. Additionally, the laboratory could be used by Schlumberger to provide training courses to local companies, creating further opportunities of expanding in the liaisons of ACK with the private sector in the State of Kuwait.

The ceremony started with the National Anthem and a recital from the Holy Quran. Shaikha Intisar delivered a speech, saying "Bareec celebrates its season closing ceremony. The program aims to create positive learning environments by promoting positive thinking, and well-being among schools and Kuwait University students. We have worked smart with experts in positive psychology to develop this creative educational curriculum aiming at instilling positive attitudes among the youth. The program is one of a kind in the Middle East. "Bareec" inspires students to make social behavioral change in themselves and the people around them, believing in their major contribution to the development of their country and shaping its future.

Hand in hand "Bareec" is currently working with the Ministry of Education. As of April 1, 2018, the national impact of Alnowair and Bareec led to become a part of National Development Plan "New Kuwait 2035" under

the theme of Human Capital, stemming from the vision of His Highness the Amir of Kuwait Sheikh Sabah Al-Ahmad Al-Jaber Al-Sabah to transform Kuwait into a leading regional financial, cultural and institutional center by 2035. We will work with the utmost attentiveness and intelligence to achieve the goals of development in our beloved country Kuwait.

ICSK LKG orientation program

ICSK Junior welcomed the tiny tots for the LKG orientation program on 8th April, 2018. The objective to this orientation program was to inform, inspire and guide the parents through this exciting first year of schooling. The Principal, Mrs Sherly Dennis spoke about the importance and the guidelines of right parenting. Giving right guidelines at the right time plays an important role in a child's growth. She emphasized on teaching them to live along with giving luxuries of life. She introduced the Vice Principal Mrs Sheeja, the supervisor Mrs Shafika Yunus and all the Class teachers of LKG.

For the parent's better understanding of the school in policies and rules, Mrs Sheeja, Vice Principal, gave valuable guidelines to them, familiarizing them with what their children would experience and learn. The parents felt welcomed, their anxieties removed and minds assured that their children would get the best education and care. It was a great opportunity for the children to know their teachers and for the parents to know about the school.
