Aries (March 21-April 19)

There is an overwhelming need for independence welling up in you now. You’re exhausted from rehashing the same thoughts again and again but make a conscious decision to put them behind you. Your instinct is to seek independence and not have someone tell you what to do. You’re not putting ideas on the back burner but pushing them forward. Change is afoot.

Aquarius (January 20-February 18)

You have a need to see what you can do to improve things right now. Consider the question What is the best advice you could give the greatest, most logical advice, Sagittarius. That’s why friends and family are seeking your wisdom. You're surrounded by people who value your opinions and actions. Make big decisions now. Get them ready to put into practice.

Cancer (June 21-July 22)

Your thoughts may invite events you don’t always choose to have. You’re not just looking for the start of a new chapter in your life but a new page altogether. You may find it boring right now. Your thoughts may invite events you don’t want to experience. There are some major misunderstandings because you’re not apt to keep your mouth shut. If you're in competition with others at work you shine in your work ethic. If you're in competition with others at home you whine. You're exhausted from rehashing the same thoughts again and again but need to set them aside. There is an overwhelming need for independence welling up in you now.
