STAR TRACK

Aries (March 21-April 19)

You're going through a time of great preparation right now, Aries, You're building the foundation for a major life project. This period isn't to be taken lightly. The day's energy brings this importance into focus. Make sure you're building with bricks and not straw, and that the mortar you use is strong. Try not to get discouraged by negative emotions. The situation is probably better than it seems.

Cancer (June 21-July 22)

Your freedom-loving nature may seem a bit dampened today, Cancer, but don't let it get you down. Things might not be lining up perfectly, but that's no reason to get frustrated. Perhaps the situation was just not meant to be. Look for a higher, more practical solution. You have all the information you need to make an intelligent decision.

Libra (September 23-October 22)

There are opportunities open to you now whether you realize it or not. It may be hard to be aware of them today, given the astrological weather. Your emotions may feel restricted and weighed down, like something is trying to tie you down. Realize that this is just a message from the Universe reminding you that having at least one foot on the ground is key to manifesting your dreams.

Capricorn (December 22-January 19)

Try to stay disciplined and focused today, Capricorn. This may be easier said than done, but it's crucial for preserving your sanity. There's a restrictive, weighty air to the day that may put a damper on your jovial nature. Instead of getting down on yourself, use this energy to your advantage and make order out of the chaos in your life. Eat a healthy meal and share your thoughts with others.

Taurus (April 20-May 20)

There's a sober feeling to the day that may leave you feeling a bit down, Taurus. There may not be any specific instance or situation that causes you to feel this way, so don't sweat it. Focus on getting your projects done. This isn't the best day to look for sympathy from others. Crank up your stereo as loud as you can and indulge in a scrumptious meal.

Leo (July 23-August 22)

Today is a great day to get rid of the stuff that's cluttering up your life, Leo. Get to the heart of the issue and stop beating around the bush. Your emotions may feel a bit more negative than usual, but realize that you can use this to your advantage. Your sober attitude can aid in making extremely practical, well-grounded decisions.

Scorpio (October 23-November 21)

Your emotions may feel restricted today, Scorpio. You may feel bad about something you did in the past. Somehow your heart isn't able to let it go. Work to overcome this by realizing that this is only a briefly passing trend and that you probably are feeling much worse about the situation than necessary. Don't be so hard on yourself.

Aquarius (January 20- February 18)

You're going through a time in which you have the opportunity to make tremendous advances, Aquarius. These rewards won't come without hard work and discipline, however, and this seems to be a focus of the day. Get your emotions in line and make the best of what seems to be a pretty dreary situation. A fantastic opportunity is at hand.

Gemini (May 21-June 20)

People may be extra stubborn today, so try to avoid any confrontations that could lead to full-scale war. Your emotions may feel restricted and restrained, Gemini. Don't sweat the small stuff. Realize that you're going through a trying period right now and that you need all the sanity you can muster. Refrain from making mountains out of molehills.

Virgo (August 23-September 22)

Don't sweat the small stuff, Virgo. You may feel like something is restricting your otherwise light, witty nature, but don't worry about it. Things probably seem worse than they really are. Trust in yourself. Relations with others may not be at their best, and it may seem like your feelings are being squeezed through the ringer. Keep your chin up and work to get things done right the first time.

Sagittarius (November 22-December 21)

You're going through a period of major evaluation and assessment of certain life projects. Today's energies bring much of that tension into focus, Sagittarius, and put it right in the place where it affects you most - your heart. You may feel the clock ticking more loudly and have a sense that something holds you back. The situation probably looks worse than it is.

Pisces (February 19-March 20)

Don't mess with superiors or people in authority today, Pisces, or you might end up in some serious hot water. Take it easy and try not get bogged down by negative emotions. Things may not be as sunny as usual, but that doesn't mean the day will be terrible. Complete projects and stay focused on things that require a great deal of discipline on your part.
